CENTERVILLE C.C. OKEHS SCHOOL BONDS, STATE AID

Unanimous endorsement for Centerville's school-bond election July 24 was accorded Monday by members of the local Chamber of Commerce.

The endorsement followed an appeal from Judge Allen G. Norris, a school trustee, who termed the financial need "vital," and warned that if the election isn't successful, it will mean double sessions for virtually all classes in Centervilles schools.

Judge Norris explained that the district is seeking:

1. Permission to float bonds totaling $169,000 — of which only $77,000 can be sold now.

2. Approval of $395,000 in state aid, much of which will be "unfrozen" only if the district votes the bonds.

"We are looking ahead to the time in the next two years when we'll have to build a school in the Glenmoor District," the speaker declared.

"By asking for enough now, we wont have to call another election when the time comes to build that one," he went on.

"The need is great,' Judge Norris continued. "Fourteen hundred homes are planned here in the next two years. That automatically means 1200 new children, to say nothing of the 'new crop' springing up here now.

"As for repaying the State, we needn't do that until our district tax rate falls below 40 cents per $100—and I don't see much chance of that for many years—maybe never!"

Judge Norris stressed that the bonds need a two-thirds majority, and he asked Centervillers to be certain to vote July 24.

Gravel Trucking In Canyon Won't Hurt Niles, Claim

A San Jose concrete firm executive on Tuesday attempted to reassure the Niles Chamber of Commerce that the company's trucks won't create a speeding "assembly line" down Niles Canyon if his request for a gravel pit south of Sunol is granted.

Lewis L. Della Valle, of the Concrete Service Co., denied a reported remark by an Alameda County Planning Commissioner that "there'll be a truck every 10 minutes for the next 20 years."

Chamber President C. W. Chrysler attributed the remark to Commissioner George Dugan Jr. The commission is considering the company's request to put the pit on Calaveras Creek near the Mission-Livermore Road.

Della Valle said he didn't know where Dugan could have gotten such an "impression," but termed it "a misunderstanding." He said the company plans to use a maximum of two trucks —for the present anyhow—on the job, and pointed out the round trip to San Jose will con- "more than two hours."

Della Valle said he was appearing to quiet fears expressed in print recently by Chamber members that the operation would make a dangerous speedway out of Niles Canyon. He said his drivers are under orders to obey speed laws. Regulation of speed, he added, is a matter for the Highway Patrol, but, he declared:

"A loaded truck going 40 miles an hour down there would be going too fast."

Della Valle explained removal of gravel will be for the company's own use, and that other firms' trucks will not use the road. Empty trucks will enter the property via Mission San Jose grade.

He also said: (1) the operation will be "wet" quarrying, to minimize dust, (2) no explosives will be used, (3) about 60 acres would be quarried, to a maximum depth of 80 feet, (4) the resulting holes will be filled.

The PG&E and San Francisco Water Department, who own land or rights-of-way nearby, have raised no objections, Della Valle added.

Niles businessmen took no action. Dr. T. C. Wilson stressed the issue is being "thoroughly investigated" by planning commission engineers.

Letter Boxes Must Be Installed First

Centerville this week was bustling to make ready for home mail delivery service, slated to start July 16.

Postmaster Manuel W. Lewis warned today that an informal survey discloses almost half the homes in the area to be served still lack postboxes or letter slots in their doors.

Lewis explains postal regulations will forbid the new delivery until such installations have been made.

Affected under the new system is the entire Centerville business district, and most of the residential area, including the Hansen Tract, the Lincoln Tract, Orchard Park and Glenmoor Gardens.

Two postal carriers have been hired, Lewis added. They are Edgar Hiebert of Santos Avenue, and Bob Walstra of Walnut Street —both World War II veterans. They will receive $1.61 per hour.

One delivery will be made each weekday to homes, and two to stores downtown.

Lewis also announced that effective July 16, all local mail will cost three cents per ounce or fraction thereof. Formerly letters within the town could be mailed for two cents.

"Please advise your correspondents and the publications you subscribe to of your correct street address," Lewis told his customers today. "Otherwise your mail will be delayed as much as one full day while we divert it for re-addressing."

Lewis and his aides this week were busy revising mailing lists to change box numbers to street numbers.

Neighbors Rally to Aid Family Made Homeless by Mission San Jose Fire

An unemployed Mission San Jose laborer and his family of six were rendered homeless Monday night when flames gutted their two-story home on Ellsworth Street.

Thor Olsen, his wife and their five children fled with only their night-clothes from a fire which apparently originated in faulty wiring to a television set.

The house, rented from Bill Fernandez, was adjudged a total loss by Fire Chief Jack Pereira, whose volunteer crews responded to the 1 a.m. alarm.

The Olsens were taken to shelter by neighbors, who immediately started a collection to ease the financial shock on the homeless family.

The fire was first noticed by the oldest son, Thor Jr., 18, who awoke his father to report he smelled smoke. Thor Sr. awoke his sleeping wife and the remaining children and rushed them to safety.

Then he turned his attention to the blaze which was eating into a wall in the front downstairs room. Olsen battled the fire with a garden hose. But when the firemen arrived, the whole house was in flames.

Destroyed were all the family's clothing and personal effects, as well as furniture. The Olsens however were able to save their two cars from an adjoining garage.

Chief Pereira reported that $80 in currency, results of Olsen Jr. cashing a week's paycheck, was untouched in an upstairs dresser drawer—the lone item of value saved from the blaze.

On Tuesday, Rancher Eugene Olwell offered the family free shelter and utilities in one of a row of workers' houses he owns on Irvington Road.

Friends began a collection to defray expenses for the family for the next few days. And the Salvation Army pledged $50 to buy groceries, according to Maurice B. Marks, publicity chairman for the United Crusade.

ALL THE FIREWORKS WEREN'T OUT FRONT

Charles A. Russell, Niles contractor and Democratic County Committeeman, likes to entertain his friends on the Fourth of July.

Russell's spacious home fronts on a lake formed by Alameda Creek at the end of G Street. So last Saturday he herded his guests from the house to the lake to let them watch a fireworks display.

While they were watching the flaming fountains and bursting bombs, an intruder entered the unlocked house and made off with Russell's Leica camera from a table in the living room.

Russell told investigating deputies he values the camera at $650.

WEBER HEADS CRUSADE BUSINESS DRIVE

Harry W. Weber, who is in charge of Southern Alameda County power stations for P G and E, will head the Washington Township district business drive in the 1953 United Crusade this fall.

His appointment was announced this week by Peter Juhl, overall chairman for the 1953 United Crusade in Washington Township.

"With enthusiastic and determined volunteers like Weber, I believe we will capture the interest and support of our businessmen this year," Juhl predicted. "Last year's district business participation was low. We can do better and we are determined to push the 1953 record up toward the 100 per cent mark."

Weber will head a force of district business volunteers who will contact some 200 business firms with fewer than 10 employees during the October United Crusade campaign. The United Crusade is the fund-raising organization for more that 85 health, welfare, and youth organizations serving all East Bay communities.

The following Washington Township community chairmen have been named by Weber to help in the district business campaign this year: Niles, Loren Godwin, P G andE office manager, and Manuel Caldeira, Central Bank; Centerville, Loren C. Marriott, Bank of America branch manager; Irvington, Carl Christiansen, Central Bank branch manager; Mission San Jose, Lois Bottenberg, postmistress; Alvarado, Warren Silva assistant manager, Central Bank, Decoto, Bernie Joseph, grocer; Newark, Bill Beck, Leslie Salt Company.

Weber is enthusiastic oves his United Crusade assignment because he believes in the principal of a united campaign to meet community health and welfare needs.

"To me, this is something that should have been done long ago," Weber said of the United Crusade. "One collection is certainly better than many."

A member of Washington Township for more than 40 years, Weber is active in clubs and civic activities in the community. He is treasurer of the Washington Township Chamber of Commerce and serves on committees of the Centerville Chamber of Commerce.

PALSY DRIVE HITS GOAL-PLUS, HERE

Washington Township's cerebral palsy drive went over the top this week, with a total of $2115 subscribed, according to Sheriff's Capt. Richard E. Condon, local chairman.

Capt. Condon said the Township's quota was set at $2000. He congratulated town chairmen, women workers, and youngsters who conducted door-to-door campaigns of their own to swell the total.

Workers last week had picked up the last of the Cerebral Palsy cans from their locations in stores and public offices.

The money will be added to that collected nationwide to care for youngsters who suffer from the dread disease.

Put Freeway Purchases in Top Bracket: Centerville

Centerville, for one, wants a higher priority given to the last link in the Eastshore Freeway—the one that will take some of Highway 17's traffic out of Centerville's hair.

Last Monday before the local Chamber of Commerce, Eugene Manning noted that the Freeway is completed to Mt. Eden, and is under construction from San Jose to Warm Springs. But, said Manning:

"I see that the acquisition of rights-of-way for its completion is in the 'B' category—not in the top class at all.

"I move that we ask the proper authorities to put these purchases in the top bracket, the same as for purchases around Oakland and Castro Valley.

"Much more importance should be given to this first step."

The motion was seconded by Dr. Merle Buehler, who asserted that traffic down Main Street—or Highway 17—has picked up noticeably since the Mt. Eden link was finished.

Upon unanimous approval of Mannings motion, Chamber President Romeo Brunelli agreed to have the secretary write to (1) the State Division of Highways, and (2) the Alameda County Highway Advisory Committee, asking that higher priorities be assigned.

Manning stressed that the advisory committee "gets just about what it wants" from the State. It is composed in part of county highway officials.

HILDEGARDE SANE, OFF TO PRISON

Hildegarde Pelton, 32-year-old convicted killer of her ex-GI spouse near Niles February 1, yesterday was sentenced to a minimum of five years in Corona Prison, near Riverside.

Sentence was passed by Superior Judge O. D. Hamlin, in Oakland. Last week a jury found the blonde German refugee guilty of second-degree murder in the slaying of her husband, Bill.

Then the jurors deliberated again and found that Hildegarde was sane when she sent eight bullets into Bill's head on fog-shrouded Nursery Road.

She probably will be taken to Corona tomorrow from Santa Rita.

Kitchen 'Cap Nag Sets Pleasanton Track Record

Winner of the International Kitchen Handicap at last Monday's Alameda County Fair races set a new track record in taking the event.

Pacific Gale, ridden by Jockey Bob Willis, clipped a fifth of a second off the previous mark of 1:12 for six furlongs, leading a field of nine thoroughbreds to the wire.

The feature race, the Niles Day Handicap, was won by Nut Ring, with Bob Hill up.

Nut Ring's owner, Pete Meghinasso, was handed a handsome cooling-out blanket by Vernon Ellsworth, secretary, and Peter D. Juhl, past president of the Niles Chamber of Commerce. The Chamber sponsored the race.

Nut Ring also collected a $1400 purse for the win, according to Racing Secretary Harry Hatch.

The previous race, the International Kitchen Handicap, an $1100 purse, was won by Pacific Gale. Jockey Robert Willis received a $25 defense bond from Harry Querner, owner of the famed Niles restaurant.

Township Hardball Season Opens As Huskies Outlast 'Jose, 15-11

By BOB HIRD

The Washington Township Huskies, under the sponsorship of the Township Register, opened their summer season last Sunday, as they defeated the San Jose Merchants in a wild slugfest, 15-11. The game was played on the Washington Hi diamond.

The locals jumped to an early lead as they picked up three runs on two safeties in the first inning. Third Sacker Frank Murakami's single with runners on second and third was the big blow.

The Merchants tied it up in the second with three of their own on three hits and two Husky miscues. None of the three runs scored off starter Bob Hird were earned.

The Centervilles then rallied for five runs in the third and fourth frames to take an 8-3 lead. Ed King, Gordon Stefans and Murakami all picked up two-baggers in the third. Murakami repeated his performance of the first inning in the fourth, singling with runners on second and third.

Right-hander Allan Olk took over in the fourth, and the Merchants picked up six runs in the fifth, to take a 9-8 lead. Olk yielded only two hits in the inning but the Huskies committed four errors.

The locals again went ahead in their half of the fifth, as they picked up two runs on King's clutch single.

The lead again changed hands in the sixth as the Merchants' catcher, Len Muro, bagged out a two-run homer.

The Huskies tied it up at 11-all in the seventh and then rallied for four runs in the eighth to break the tie.

Tony Nieves' three run double was the deciding blow in the eighth.

Bob Lunsford, who pitched the last three frames, was given credit for the win.

Murakami paced the Malemutes at bat with three hits in four tries.

Next Sunday the Huskies face the Fremont Legion team at Sunnyvale.

IN HOSPITAL

E. C. Parks, Niles real estate agent and president of the local Merchants' Committee, is undergoing minor surgery this week in Alameda Hospital.

Say you saw it in The Register.

SUZY SEZ...

We have no attic, or basement in our home here in Orchard Park, so our garage must do triple duty. My secret cache of Christmas fruit cake, securely wrapped and sealed in an air-tight jar, was found by the man of the family. I had hoped to keep it for Thanksgiving, but must admit it tasted good after Sunday dinner.

From an Irvington lady comes this suggestion. Use that fancy tea pot as a string holder, with the string hanging from the spout. She collects old tea pots and pitchers, and says her husband has one in the tool shed, for his heavier cord.

Left-overs go through three stages in our house; large bowl, small bowl, and dog bowl.

If your teen-ager is like ours there is a lot of automobile tinkering being done this summer. The resulting grease on driveway cement is easy to remove if it is covered with sal soda, then swept up in half-an-hour.

It's not too late to go to the County Fair, with the last day on Saturday. The whole family will enjoy it. I saw a Township business man park his car in Pleasanton and walk over to the grounds, in order to save a twenty-five cent parking fee. Then he proceeded to lose almost $100 on the races.

The proud owner of a new home in Newark discloses that she keeps her kitchen and bathroom tile shining by using glass wax every other week on the usually hard-to-clean surfaces. Works like a charm, as I found out for myself.

Every year, after seeing the Ice Follies we vote it the best ever. This year, however, the show is even better than we thought posible. Your whole family will enjoy it, as ours did, with the youngest begging for a cute skunk like the ones in the show, and the men applauding the dare-devil skating

When summer heat makes cooking a chore, I often make a huge quantity of tomato sauce with ground beef. Then I add the sauce with different spices, to chile beans, Spanish rice, or spaghetti. I then spend an extra half hour or more in the garden, and keep ahead of the weeds.

Another idea you might use is this one from one of the clerks at a Township market. Use a can of your favorite cream soup as white sauce. We particularly like cream of celery soup mixed with peas and carrots. You will find many ways to vary tastes, by using different soups.

The man in our house remarked long ago, when our car was new, that he would not buy seat covers, as he wanted to "enjoy the upholstery." Last week, we got a glimpse of the upholstery after the blankets were removed, and before the seat covers were put on. I had almost forgotten what upholstery looked like.

Nothing circulates so rapidly as a secret!

Here in Orchard Park we are having a rash of product parties, where we gather together to see demonstrated everything from jewelry to brushes. There is a sort of mass-psychology used at these parties, as nearly every one comes away after ordering more than they had planned.

If it's true that a man's wife is his better half, and he marries twice, what happens to him mathematically?

Do you agree with me that the palms bordering the Mission San Jose-Irvington Road are so stately they deserve a highway in better condition?

With the Township population growing larger all the time, many of the older residents, and business men, will find it necessary to treat the newcomers with the same courtesy as they do old friends. It takes only a few instances of being ignored in favor of family friends to make the new neighbors take their business, be it grocery or post-office, to another area.

PROPERTY TAXES RISE 142 PERCENT

The property tax bill alone in Alameda county has gone up 142 per cent in the past ten years, while population of the county has increased only 27 per cent in the same period, California Taxpayers' Association said today.

Property taxes are only one of the kinds of taxes the people of the county must pay, with a myriad of other taxes and fees levied by the federal government, the state of California, and the local governments of the county.

PIMENTEL-CORDENIZ NUPTIALS DRAW THRONG TO CENTERVILLE CHURCH

John L. Cordeniz claimed Miss Antoinette Pimentel for his bride at a 12:00 o'clock high noon nuptial mass performed in Holy Ghost Catholic Church by the Rev. Vincent J. Breen.

The bride was escorted down the taper-lit aisle and to the gladiola-decked altar by her father, George Pimentel. Antoinette made a lovely picture in her traditional off-white slipper-satin gown with an off-shoulder yoke of French imported silk illusion net, trimmed in seed pearl motifs, tight-fitted sleeves and bodice trimmed at the wrists and waist in seed pearls. Around the bouffant skirt a row of pearl motifs ended in an eight-foot satin train. A matching clochе, tapering to a slight peak, held her full-length silk illusion veil. She carried on her mother-of-pearl prayer book a white orchid with streamers of orchids and lilies-of-the-valley and borrowed her mother's pearl rosary.

Miss Diane Ornellas, cousin of the bride, attended as maid of honor attired in a waltz-length nile - green organdie - over - silk gown styled similar to the bride's. The organdie was trimmed around the collar, cap sleeves and bouffant skirt in satin. She had matching cloche and mitts. Her heart-shape bouquet was of pink roses.

Bridesmaids, Misses Elvamae Rose, Erleene Zimmerman, Sharon Lee Ruggles, a cousin of the bride, and Mrs. Vera Espinola, were all frocked in pink gowns designed identically to that of the honor attendant. They also carried heart-shaped bouquets of pink roses. The entire outfit of the bride and attendants was designed by the bride and created by Mrs. Daisy Paiva.

George Pimentel Jr., brother of the bride, waited at the chancel rail with the benedict as best man while wedding guests were ushered to their places by Oliver Cordeniz, brother of the groom, Lionel Goularte, John Espinoza and Frank Borghi.

Mrs. Inez Silva played organ music for the ceremony while Matthew Whitfield Jr. sang the nuptial vocal selections.

For her daughter's wedding, Mrs. George Pimentel selected a cocoa iridescent taffeta silk shantung, a straw cocoa chapeau, accented with brown aligator shoes and bag. She pinned on a white orchid with lilies-of-the-valley corsage.

Mrs. John M. Cordeniz, the groom's mother, witnessed the wedding mass attired in a pale blue silk crepe dress with dusty pink hat and navy accessories. She also had a corsage of a white orchid and lilies-of-the-valley.

Washington Township Country Club was the setting for the post-nuptial reception where the couple greeted relatives and friends. A buffet supper and a five-tier homemade wedding fruit-cake was served to the guests.

When the newlyweds left for their wedding trip to Canada, the new Mrs. Cordeniz was attired in a beige gabardine suit worn with a coronation pillbox hat, brown alligator shoes and bag. A white orchid with lilies-of-the-valley corsage complimented her outfit.

Antoinette, daughter of Mr. and Mrs. George L. Pimentel of Centerville, graduated from Notre Dame High School, San Jose. She is past president of St. Jude Institute, Young Ladies Institute, Irvington, and a member of the Business and Professional women's Club.

John is the son of Mr. and Mrs. John M. Cordeniz of Irvington. He graduated from Washington Union High School and is co-owner of the John M. Cordeniz and Sons Dairy.

HERE'S ANSWER TO BOYS' HOMEWORK

A machine which does the work of 100 trained mathematicians in one-millionth of the time was explained to the Niles Rotary Club last Thursday.

The mammoth gadget is the Model 701 electronic computer, according to Charles Hester, of International Business Machines, manufacturers of the device.

Using lights and television-type tubes, the calculator can solve complicated scientific problems in the twinkling of an eye.

"If we'd had this machine years ago." Hester declared, "We'd probably have had the atom bomb years ago. It actually puts the day of the rocket to the moon within our lifetime."

Chief use of the calculator is in doping out atomic and guided missle problems, Hester added. Showing a film, he predicted 18 Model 701's will be in use by the end of the year. The machine was first shown publicly two months ago in New York.

Dr. Will Lamoreux was program chairman.

Burglar Sets Fire

A burglar who smashed a factory window to gain entry to the Alaco Preserving plant in Decoto last Saturday night gained nothing but a fright for his pains.

Sheriff's deputies said the intruder evidently started a fire—possibly by dropping a cigaret—which caused an undetermined amount of damage to the plant.

Decoto firemen responded to an alarm turned in by investigating deputies and extinguished the blaze before it could spread.

The would-be burglar escaped.

STUBBORN—BUT RIGHT?

Blame for the difficulty in ending the Korean war now is centered on the person of President Syngman Rhee. His stuborn insistence on a united Korea is stalling the armistice. So Rhee is the object of widespread criticism.

We would like to see the K-War ended. But we don't believe it should end in a Munich. Peace-at-any-price is always too dearly bought. A divided Korea as Rhee sees it is an open invitation to further aggression by the Reds, to still another war in that unhappy peninsula.

Syngman Rhee probably will have to bow to pressure from his powerful allies. Realistically, Korea probably isn't ready to be united—the factions pulling her asunder are still too strong, the scars of war still too fresh, the people still too untrained for independence in shark-infested international seas.

But who wouldn't bet that five years from now, or maybe less, it will be Rhee who was right, and his allies who were wrong?

GOOD-NEIGHBOR POLICY

Once again one of our towns has opened its heart to a family whose home has been destroyed by fire. Mission San Jose, one of the smaller Township communities, by its prompt and warm response to the plight of a neighbor, demonstrates the best side of rural living. Big cities scarcely know this sort of heart-to-heart stuff.

The fire, coming soon after an even more tragic one in Canyon Heights, is used by United Crusade representatives to illustrate the need for an emergency fund, of the type authorized at a recent Crusade meeting. The money won't be available until after the Crusade drive this fall, but local Crusaders maintain it will be extra-useful in augmenting the voluntary donations of our people who believe in good, old-fashioned neighborliness.

MYSTERY MAN IS 250,000-MILE VET

Do you have a candidate for Mystery Man? Phone The Register and let us know his name and some facts about him for this weekly feature.

He was born in Colorado in 1905. His father was a lumberman and that's how he came to California and eventually to Washington Township.

First stop after Colorado, when our subject was seven, was Plumas County. After schooling there, and in Oakland, he finally came to Niles in 1925, to join his father, who was office manager here for the International Wood Products

Oh yes, while playing football in Oakland at high school, our man acquired a broken nose which has been a distinguishing feature ever since.

He worked for awhile for the firm his father managed, then when it was taken over by another company, he worked for that too. This company started a small subsidiary in the Township, and our man joined it as manager. He remained in that job for two years.

As the company grew, this Mystery Man began specializing. First it was costs, then shipping. Finally he went to Chicago for a time as warehouse manager. In 1938, he became a salesman, and in 1944 was promoted to sales manager—a job he still holds.

He is proud of his claim to be the first employee of his company.

In his executive capacity, he probably travels more than anyone else in the Township. Most of the travel is by plane, and our subject calculates he has flown more tha a quarter-million passenger miles.

Once he flew upside down in a storm between Tampico and Mexico City. Another time, he was forced down by weather in the Guatemala jungles. But he claims it's no worse than riding the bus.

Married to an Oakland girl in 1934, he and Mrs. Mystery have a boy, 17; and a girl, 13. His hobbies include Sierra fishing.

What parts of the country does our subject like best? Southern Alameda county. Says he:

"I was East last week—102 in Detroit, wringing wet! The same in Chicago. Boy, I don't know how those people stand it!"

Guess Who?

Gives your dollars a two-way stretch

1: *It's worth more when you buy it...*

What makes Ford worth more when you buy? Some say it's the solid, built-for-keeps Ford Crestmark Bodies. Others say it's because only Ford can offer V-8 power in a low-priced car. Still others think of Ford's smooth-as-silk new Wonder Ride or "Worth More" features like Ford's suspended pedals . . . or Center-Fill Fueling. The best thing for *you* to do is to See . . . Value Check . . . and Test Drive this new Ford for yourself.

2: *It's worth more when you sell it...*

Even by resale value standards *Ford* is the best buy on the American Road! For surveys of used car lots prove that last year's Ford is No. 1 in resale value. And this newer, finer '53 Ford holds *even greater* promise of keeping up its resale value. No other car gives you so much for so little money!
